**Special Arrangements for Candidates with Disabilities**

PSI is interested in ensuring that no individual with a disability is deprived of the opportunity to take the examination solely by reason of that disability. PSI will provide reasonable accommodations for candidates with disabilities.

1) Wheelchair access is available at all established Test Centers. Candidates must advise PSI at the time of registration that wheelchair access is necessary.

2) Candidates with visual, sensory or physical disabilities that would prevent them from taking the examination under standard conditions may request special accommodations and arrangements by contacting the Wyoming DEQ Operator Certification office at opcert@wyo.gov or 307-777-6128.

**Missed Appointments / Forfeitures**

You will forfeit the examination registration and all fees paid under the following circumstances:

- You wish to reschedule an examination but fail to contact PSI at least two business days prior to the scheduled testing session.
- You wish to reschedule a second time.
- You appear more than 15 minutes late for an examination.
- You fail to report for an examination appointment.

**Inclement Weather/Power Failure/Other Emergency**

In the event of inclement weather or unforeseen emergencies on the day of an examination, PSI will determine whether circumstances warrant the cancellation, and subsequent rescheduling, of an examination. The examination will usually not be rescheduled if the Test Center personnel are able to open the Test Center.
You may visit www.goAMP.com prior to the examination to determine if PSI has been advised that any Test Centers are closed. Every attempt is made to administer the examination as scheduled; however, should an examination be canceled at a Test Center, all scheduled candidates will receive notification following the examination regarding rescheduling or reapplication procedures.

If power to a Test Center is temporarily interrupted during an administration, your examination will be restarted. The responses provided up to the point of interruption will be intact.

**Identification**
To gain admission to the Test Center, you must present two forms of identification. The primary form must be government issued, current and include your name, signature and photograph. Temporary ID is not accepted. You will also be required to sign a roster for verification of identity.

- Examples of valid primary forms of identification are: driver's license with photograph; state identification card with photograph; passport; military identification card with photograph.

- The secondary form of identification must display your name and signature for signature verification (e.g., credit card with signature, social security card with signature, employment/student ID card with signature).

- If your name on your registration is different than it appears on your identification, you must bring proof of your name change (e.g., marriage license, divorce decree or court order).

**Security**
PSI administration and security standards are designed to ensure all candidates are provided the same opportunity to demonstrate their abilities. The Test Center is continuously monitored by audio and video surveillance equipment for security purposes.

The following security procedures apply during the examination:

- Only silent, non-programmable calculators without alphabetic keypads or printing capabilities are allowed in the testing room.

- No guests, visitors or family members are allowed in the testing room or reception areas.

**Personal Belongings**
No personal items, valuables, or weapons should be brought to the Test Center. Only wallets and keys are permitted. Coats must be left outside the testing room. You will be provided a soft locker to store your wallet and/or keys with you in the testing room. You will not have access to these items until after the examination is completed.
Please note the following items will not be allowed in the testing room except securely locked in the soft locker:

- watches

- keys

Once you have placed your personal items into the soft locker, you will be asked to pull out your pockets to ensure they are empty. If all personal items will not fit in the soft locker you will not be able to test. The site will not store or be responsible for any personal belongings.

If any personal items are observed or heard (cellular/smart phones, alarms) in the testing room after the examination is started, the administration will be forfeited.

**Examination Restrictions**

- Pencils and ABC’s standard formula sheet will be provided during check-in.

Taking the Examination
Report to the Test Center no later than your scheduled appointment time. Look for signs indicating PSI Test Center Check-in. If you arrive more than 15 minutes after the scheduled testing time, you will not be admitted. You may bring a non-programmable calculator to the examination. Calculators with printing capability, full alphabetic keypad or built into cellular/smart phones or hand-held computers are not permitted in the Test Center.

Computer Login
After your identification has been confirmed, you will be directed to a testing carrel. You will be instructed on-screen to enter your identification number. Your photograph, taken before beginning the examination, will remain on-screen throughout your examination session. This photograph will also print on your score report.

Practice Examination
Prior to attempting the examination, you will be given the opportunity to practice taking an examination on the computer. The time you use for this practice examination is NOT counted as part of your examination time or score. When you are comfortable with the computer testing process, you may quit the practice session and begin the timed examination.

Timed Examination
Before beginning the examination, instructions for taking the examination are provided on-screen. The computer monitors the time you spend on the examination. The examination will terminate if you exceed the time allowed. You may click on the “Time” box in the lower menu bar on the screen to monitor your time. A digital clock indicates the time remaining for you to complete the examination. The Time feature may be turned off during the examination.

Only one examination question is presented at a time. The question number appears in the lower right portion of the screen. Choices of answers to the examination question are identified as A, B, C, or D. You must indicate your choice by either typing the letter in the response box in the lower left portion of the computer screen or clicking on the option using the mouse. To change your answer, enter a different option by typing the letter in the response box or by clicking on the option using the mouse. You may change your answer as many times as you wish during the examination time limit.

To move to the next question, click on the forward arrow (>) in the lower right portion of the screen. This action will move you forward through the examination question by question. If you wish to review any question or questions, click the backward arrow (<) or use the left arrow key to move backward through the examination.

An examination question may be left unanswered for return later in the examination session. Questions may also be bookmarked for later review by clicking in the blank square to the right of the Time button. Click on the double arrows (>>) to advance to the next unanswered or bookmarked question on the examination. To identify all unanswered and bookmarked questions, repeatedly click on the double arrows (>>). When the examination is completed, the number of examination questions answered is reported. If not all questions have been answered and there is time remaining, return to the examination and answer those questions.
**Retaking an Examination**
You may retake an examination as many times as you wish, but you must wait 30 calendar days between examination dates.

**Obtaining Your License**
After passing your examination, please go to the WY DEQ Operator Certification website: [http://deq.wyoming.gov/wqd/operator-certification/](http://deq.wyoming.gov/wqd/operator-certification/). Login to the database and verify that your High School Equivalency (HSE) is on file and you meet the experience and training requirements for your license. Experience and training requirements are listed in the *Wyoming Certification Requirements* document available from the WY DEQ Operator Certification webpage.

Your exam score will be uploaded to the WY DEQ Operator Certification database within two weeks after the exam. If you meet all the requirements to hold that license, a license will be issued to you. If you do not, your passing exam score will remain valid for a period of two years. If you have not met the license criteria within two years, you must retake the examination.

If you retake any examination without waiting 30 days, WY DEQ will not consider that exam score valid. You will be required to retake the examination after waiting another full 30 days before being evaluated for licensing.

**Duplicate Score Report**
Requests for a duplicate score report must be made in writing to PSI within one year of the examination date. The request must include the candidate’s name, mailing address, telephone number, date of examination and examination taken. Submit this information along with a fee of $25.00 payable to PSI Services Inc. by cashier’s check or money order. Duplicate score reports will be processed and mailed within approximately five business days following receipt of the request.
