1. Expectations

- Health professionals specializing in diabetes education will demonstrate through renewal of certification:
 - knowledge and skills are up-to-date
 - ability to practice proficiently, safely, and in a manner consistent with current National Standards of Diabetes Self-Management Education and Support (NSDSMES)
- All CDCESs who select renewal of certification by continuing education will engage in a personal assessment to identify professional needs and participate in appropriate activities that are inclusive of the Examination Content Outline in the current Handbook.

2. Continuing Education Cycles for 2020 Applications

Refer to the Accrual Cycles Table on the following page.

3. Continuing education activities:

- Formal CEs must be provided by or approved by a provider on the CBDCE List of Recognized Providers.
- Must be applicable to diabetes. All subject matter on the Certification Examination Content Outline published in the 2020 Certification Examination for Diabetes Care and Education Specialists Handbook is considered applicable to diabetes.
- Must be completed as defined by the renewal of continuing education cycles policy.
- All continuing education activities must be completed prior to application submission.
- Must be at a professional level that enhances the quality and effectiveness of diabetes education practice.
- Does not have to be discipline specific nor does it have to be in any specific area of concentration, e.g., social workers may attend a diabetes related nursing program and use those clock hours for renewal of certification.
