- Wheelchair access is available at all established Test Centers. Candidates must advise PSI at the time of scheduling that wheelchair access is necessary.

Verification of the disability and a statement of the specific type of assistance needed **MUST BE MADE IN WRITING TO PSI** at least 45 calendar days prior to your desired examination date by completing the two-page *Request for Special Examination Accommodations* form. ## **Inclement Weather / Power Failure / Other Emergency**

In the event of inclement weather or unforeseen emergencies on the day of an examination, PSI will determine whether circumstances warrant the cancellation, and subsequent rescheduling, of an examination. The examination will usually not be rescheduled if the Test Center personnel are able to open the Test Center.

You may visit [www.goAMP.com](http://www.goAMP.com) prior to the examination to determine if PSI has been advised that any Test Centers are closed. Every attempt is made to administer the examination as scheduled; however, should an examination be canceled at a Test Center, all scheduled candidates will receive notification following the examination regarding rescheduling or reapplication procedures.

If power to a Test Center is temporarily interrupted during an administration, your examination will be restarted. The responses provided up to the point of interruption will be intact, but for security reasons the questions will be scrambled.

## **Identification**

To gain admission to the Test Center, you must present two forms of identification. The primary form must be government issued, current and include your name, signature and photograph.

**NO** form of temporary identification will be accepted. You will also be required to sign a roster for verification of identity.

- Examples of valid primary forms of identification are current: driver's license with photograph; state identification card with photograph; passport; military identification card with photograph.
- The secondary form of identification must display your preprinted legal name and signature for signature verification (e.g., credit card with signature, social security card with signature, employment/student ID card with signature).
- If your name on your registration is different than it appears on your identification, you must bring proof of your name change (e.g., marriage license, divorce decree or court order).

**You must have proper identification to gain admission to the Test Center.** Failure to provide appropriate identification at the time of the examination is considered a missed appointment. There will be no refund of your testing fee.

## **Security**

PSI administration and security standards are designed to ensure all candidates are provided the same opportunity to demonstrate their abilities. The Test Center is continuously monitored by audio and video surveillance equipment for security purposes.

The following security procedures apply during the examination:

## **Personal Belongings**

No personal items, valuables, or weapons should be brought to the Test Center. Only wallets and keys are permitted. Coats must be left outside the testing room. You will be provided a soft locker to store your wallet and/or keys with you in the testing room. The proctor will lock the soft locker prior to you entering the testing room. You will not have access to these items until after the examination is completed. Please note the following items will not be allowed in the testing room except securely locked in the soft locker:

- watches
- hats
- wallets
- keys

Once you have placed your personal belongings into the soft locker, you will be asked to pull out your pockets to ensure they are empty. If all personal items will not fit in the soft locker you will not be able to test. The site will not store or be responsible for your personal belongings.

If any personal items are observed or heard (e.g., cellular/smart phones, alarms) in the testing room after the examination is started, the administration will be forfeited.

### **On the Day of the Examination**

Report to the Test Center at least 30 minutes prior to your scheduled appointment time. This allows time for the sign-in and identification verification procedure as well as time to become familiar with the examination process. Look for signs indicating PSI Test Center check-in. If you arrive more than 15 minutes after the scheduled testing time you will not be admitted and will forfeit the examination registration fee.

### **Computer Login**

After your identification has been confirmed, you will be directed to a testing carrel. You will be instructed on-screen to enter your identification number. Your photograph, taken before beginning the examination, will remain on-screen throughout your examination session. This photograph will also print on your score report.

### **Practice Examination**

Prior to attempting the examination, you will be given the opportunity to practice taking an examination on the computer. The time you use for this practice examination is NOT counted as part of your examination time or score. When you are comfortable with the computer testing process, you may quit the practice session and begin the timed examination.

### **Taking the Examination**

Before beginning the examination, instructions for taking the examination are provided on- screen. The computer monitors the time you spend on the examination. The examination will terminate if you exceed the time allowed. You may click on the "Time" box in the lower menu bar on the screen to monitor your time. A digital clock indicates the time remaining for you to complete the examination. The Time feature may be turned off during the examination. Candidates are allowed two hours to answer the 30 scored items.

Only one examination question is presented at a time. The question number appears in the lower right portion of the screen. Choices of answers to the examination question are identified as A, B, C, or D. You must indicate your choice by either typing in the letter in the response box in the lower left portion of the computer screen or clicking on the option using the mouse. To change your answer, enter a different option by typing in the letter in the response box or by clicking on the option using the mouse. You may change your answer as many times as you wish during the examination time limit.

To move to the next question, click on the forward arrow (>) in the lower right portion of the screen. This action will move you forward through the examination question by question. If you wish to review any question or questions, click the backward arrow (<) or use the left arrow key to move backward through the examination.

An examination question may be left unanswered for return later in the examination session. Questions may also be bookmarked for later review by clicking in the blank square to the right of the Time button. Click on the double arrows (>>) to advance to the next unanswered or bookmarked question on the examination. To identify all unanswered and bookmarked questions, repeatedly click on the double arrows (>>). When the examination is completed, the number of examination questions answered is reported. If not all questions have been answered and there is time remaining, return to the examination and answer those questions.

### **Candidate Comments**

During the examination, you may make comments for any question by clicking on the Comment button to the left of the Time button. This opens a dialogue box where comments may be entered. Comments will be reviewed, but individual responses will not be provided.

### **Following the Examination**

After completing the examination, you are asked to answer a short evaluation of your examination experience. Then, you are instructed to report to the Test Center supervisor to receive a score report.

If you pass the examination, you will receive a score report and instructions for applying to the State agency for a license.

If you do not achieve a passing score, your score report will include diagnostic scoring information. Unsuccessful candidates are allowed three attempts at the examination within a 12-month timeframe. The full examination fee is required to schedule each attempt.

After the third failed examination, the Board must approve the next attempt to test. You must contact them directly to be presented to the Board for approval to test again. The Board has the authority to deny future attempts if, after the approval of the fourth attempt, the candidate continues to fail the examination.

### **Failing to Report for an Examination**

If you fail to report for an examination, you will forfeit all fees paid to take the examination. A new examination administration fee will be required to schedule another examination appointment.
