Rev. 9/16/2014
INTRODUCTION

Applied Measurement Professionals, Inc. (AMP) provides a range of services to the states that use the Real Estate Examination Program (REP). This booklet provides information you will need to register for the Washington Department of licensing examinations. Be sure to keep the booklet after you have registered for the examination; you may wish to refer to it later.

The real estate examinations are developed through a combined effort of real estate experts and testing professionals. Experts in the fields of both real estate and testing review the questions to ensure that they are accurate in their content and representative of good question-writing procedures. Representatives from states participating in the AMP Real Estate Examination Program review the questions to make certain that the content of the questions is accurate and relevant to real estate practices in their own states. Finally, all questions are revised and updated on a continual basis to reflect the current laws and practices in the changing real estate field.

The examination content outline used to develop the examination is based on a job analysis and expert judgment. It reflects areas of knowledge required to perform those tasks that practicing real estate Brokers and Managing Brokers judged to be important. Real estate experts who write questions for AMP use this content outline as a guide. Thus, examinees are tested only on subjects judged by real estate Brokers and Managing Brokers as most important for beginning licensees to know.

The content outline does not include topics, such as promotional skills, that may be helpful to success in the industry. Since the purpose of licensure testing is to protect the consumer rather than to guarantee success in practice, the examinations focus on the knowledge you must have to protect the consumer and your ability to apply that knowledge to a consumer’s particular situation. Similarly, the examinations include some technical language not used in your everyday conversations. You must learn that language to become a part of the profession and be able to explain its meaning to customers and clients.

STATEMENT OF NONDISCRIMINATION

AMP does not discriminate among candidates on the basis of age, gender, race, religion, national origin, disability, marital status, sexual orientation or gender identity.

The examinations are administered by appointment only Monday through Saturday at 9:00 a.m. and 1:30 p.m. Available dates will be indicated when scheduling your examination. Candidates are scheduled on a first-come, first-served basis.

EXAMINATION FEE

Examination Fee: $138.25

SCHEDULING AN EXAMINATION APPOINTMENT

You may schedule an examination appointment by one of the following methods. You must receive eligibility confirmation from the AMP Portal before attempting to schedule an examination appointment.

1. **Online Scheduling:**
   - Go to [www.goAMP.com](http://www.goAMP.com) and select “Schedule/Apply for an Exam.”
   - Follow the simple, step-by-step instructions to choose your examination program and register for the examination. Please have your credit card available for payment of examination fees.

2. **Telephone Scheduling:** Call AMP toll-free at 800-345-6559 from 5:00 a.m. to 7:00 p.m. (Pacific Time) Monday through Thursday, 5:00 a.m. to 5:00 p.m. on Friday and 6:30 a.m. to 3:00 p.m. on Saturday. Please have your credit card available for payment of examination fees.

   When scheduling your examination appointment by telephone, payment will be processed prior to selection of the date and time for testing. Payment is processed first so the seat can be booked immediately upon selection. If payment is processed after seat selection, the delay in processing the payment may result in the preferred seat no longer being available. If the requested date is not available, a credit of your payment will be issued prior to the end of the call.

3. **Mail your registration form. This is a two-step process:**

   Complete the registration form included in this handbook and mail it to AMP with the examination fee (paid by cashier’s check, money order or personal check) to the address indicated on the form. All sections of this form must be completed. This form will be returned, if it is incomplete, illegible or submitted with an incorrect fee.

   AMP will process the paper application and within approximately two (2) weeks will send a confirmation notice including a website address and toll-free telephone number to contact AMP to schedule an examination appointment.

   When you contact AMP to schedule your appointment, please be prepared to confirm a date and location for testing and to provide your name and Social Security number. Your Social Security number is required for unique identification. Your Social Security number is required by the State for licensing; but will not be provided to your school or any other entity for any purpose. All individuals are scheduled on a first-come, first-served basis. Refer to the following chart.

AMP complies with the Americans with Disabilities Act and strives to ensure that no individual with a disability as defined by the ADA as a person who has a physical or mental impairment that substantially limits one or more major life activities, a person who has a history or record of such an impairment, or a person who is perceived by others as having such an impairment is deprived of the opportunity to take the examination solely by reason of that disability. AMP will provide reasonable accommodations for candidates with disabilities. Candidates requesting special accommodations must call AMP at 800-345-6559 to schedule their examination.

1. Wheelchair access is available at all established Assessment Centers. Candidates must advise AMP at the time of scheduling that wheelchair access is necessary.

2. Candidates with visual, sensory, physical or learning disabilities that would prevent them from taking the examination under standard conditions may request special accommodations. Verification of the disability and a statement of the specific type of assistance needed must be made in writing to AMP at least forty-five (45) calendar days prior to your desired examination date by completing the Request for Special Examination Accommodations and Documentation of Disability-Related Needs forms included in this handbook. AMP will contact you regarding your request for accommodations within ten (10) business days of receipt.

INCLEMENT WEATHER, EMERGENCY OR POWER FAILURE

In the event of inclement weather or unforeseen emergencies on the day of an examination, AMP will determine whether circumstances warrant the cancellation, and subsequent rescheduling, of an examination. The examination will usually not be rescheduled if the Assessment Center personnel are able to open the Assessment Center.
You may visit AMP’s website at www.goAMP.com prior to the examination to determine if AMP has been advised that any Assessment Centers are closed. Every attempt is made to administer the examination as scheduled; however, should an examination be canceled at an Assessment Center, all scheduled candidates will receive notification following the examination regarding rescheduling or reapplication procedures.

If power to an Assessment Center is temporarily interrupted during an administration, your examination will be restarted. The responses provided up to the point of interruption will be intact, but for security reasons the questions will be scrambled.

**NO REFUNDS**

If you fail to arrive at the Assessment Center on the date and time you are scheduled for your examination, you will not be refunded any portion of your examination fee and must reregister by contacting AMP; examination fees may NOT be transferred to another appointment.

**EXAMINATION CONTENT**

To begin your preparation in an informed and organized manner, you should know what to expect from the actual examination in terms of the content. Information regarding the content of the examination you will be taking is presented in the following sections.

### Broker Examination

The Washington Real Estate Broker Examination consists of two portions. The total time allowed for both portions of the examination is 3.5 hours. The questions on the two portions will be intermixed and will not appear as separate sections.

### National Broker Portion

The National Broker portion is based upon seven major content areas. Each of the content areas is briefly described here, and an outline of the topics is included in the back of this handbook. In addition, the number of questions devoted to the National Broker examination is indicated for each major content area. The National Broker examination is composed of 100 questions used to compute your score. In addition to the questions used to compute your score, the examination may include five questions that are being “pretested” for use in future versions of this examination. These pretest questions are not identified, and your answers to them do not affect your score.

### State Broker Portion

The State Broker portion deals with topics relating particularly to Washington real estate license law. There are 30 multiple-choice questions on the State Broker examination. In addition to the items used to compute your score, the examination may include five items that are being “pretested” for use in future versions of these examinations. These pretest questions are not identified, and your answers to them do not affect your score. A detailed content outline given at the back of the handbook.

### Taking the Multiple-Choice Examination

The computer monitors the time you spend on the examination. The examination will terminate if you exceed the time allowed. You may click on the “Time” box in the lower right portion of the screen to monitor your time. A digital clock indicates the time remaining for you to complete the examination. The Time feature may be turned off during the examination.

Only one examination question is presented at a time. The question number appears in the lower right portion of the screen. Choices of answers to the examination questions are identified as A, B, C, or D. You must indicate your choice by either typing in the letter in the response box in the lower left portion of the computer screen or clicking on the option using the mouse. To change your answer,
enter a different option by pressing the A, B, C, or D key or by clicking on the option using the mouse. You may change your answer as many times as you wish during the examination time limit.

To move to the next question, click on the forward arrow (>) in the lower right portion of the screen. This action will move you forward through the examination question by question. If you wish to review any question, click the backward arrow (<) or use the left arrow key to move backward through the examination.

An examination question may be left unanswered for return later in the examination session. Questions may also be bookmarked for later review by clicking in the blank square to the right of the Time button. Click on the HAND icon to advance to the next unanswered or bookmarked question on the examination. To identify all unanswered and bookmarked questions, repeatedly click on the HAND icon. When the examination is completed, the number of examination questions answered is reported. If not all questions have been answered and there is time remaining, return to the examination and answer those questions. Be sure to provide an answer for each examination question before ending the examination. There is no penalty for guessing.

Sample Questions

The following illustrate the type of questions used in the National Broker examination. These sample questions do not represent the full range of content or difficulty levels contained in the examinations. They are intended to help you become familiar with the types and formats of questions on the examination. Read each question and decide which answer is best. You may then check your answers with the answer key that follows. The answer key also shows the topic being tested; the topic refers to the content outline included in the back of this handbook.

Both are available with payment by credit card through the online store. No duplication of the sample examination is allowed. The examination is copyrighted by AMP.

National Managing Broker Examination

The National Managing Broker Examination is presented in simulation problem format and consists of ten simulation problems. Nine of these problems will be used to compute your score. The other problem is not scored and is being pre-tested for future examinations.

Each simulation problem will have a designated primary issue and property type. Each section within a problem will carry a secondary topic for that section. The primary issue and property type will remain consistent throughout the simulation problem, but the secondary topic can change with each section of the problem. The distribution of issues and property types is given in the Managing Broker Simulation Examination Contact Outline.

Each problem will consist of three components: Scenario, Information Gathering (IG) sections and Decision Making (DM) sections. Each problem begins with a scenario. The scenario provides the setting and introductory client information (e.g., age, gender, presenting problem(s)).

In Information Gathering (IG) sections you are to gather all relevant information for answering the question. Read all responses before selecting the responses that you consider necessary for responding to the question. You should select all options that are appropriate at the time. If you select more or fewer answer options than are appropriate, this will adversely impact your IG score.

Decision Making (DM) sections provide opportunities for making judgments or decisions. These sections may be formatted in one of two ways:

1. Single Best Option – There may be more than one acceptable option, but one option is generally regarded most acceptable.
2. Multiple Options – Several options are considered appropriate. These sections address decisions in which a combination of actions is required.

In the decision making section described in 1 above, the instructions will be to “CHOOSE ONLY ONE” option. You should not assume that your response is incorrect if you are directed to make another selection. The simulation examination format sometimes uses this direction. The multiple option type of decision making described in 2 will have instructions to “SELECT AS MANY” options as are appropriate in the situation.

Taking the Simulation Examination

Three windows appear on the screen at all times during a simulation examination (see Figure 1). The Scenario Window section is displayed across the top of the screen; your picture is displayed in the upper right portion of this window. Each simulation begins with a brief paragraph in this window that provides preliminary information about the situation; subsequent sections contain information about the changing situation. A scroll bar is available when necessary to view all text. Each Scenario Window will also provide you with specific instructions about whether to “CHOOSE ONLY ONE” response in the section or to “SELECT AS MANY” responses as appropriate to gather information.

You are the respiratory therapist assigned to a 4-bed ICU on the midnight shift. On entering the unit, you find that 52-year-old Carl Rivers is being mechanically ventilated in the SIMV and pressure support mode, and appears to be resting comfortably. He is 182 cm (6 ft) tall and weighs 77 kg (170 lb).

During your initial ventilator check, which of the following would you evaluate?

- Ventilator mandatory rate
- Inspiratory flow rate
- Inspiratory tidal volume
- Ventilator mandatory rate
- Color of urine
- Maximum voluntary ventilation (MVV)
- P02
- Effective static (plateau) compliance

The Options Window is displayed as the lower left portion of the screen and contains all options (choices or possible responses) from which to choose in the current section. A scroll bar is also available when necessary to view all options.

The Simulation History Window is displayed as the lower right portion of the screen. This window can be displayed in two formats using the button labeled "Current Section/Simulation History" located at the top of this window. When in the “Current Section” mode, the options chosen in the current section and the results for each choice are displayed in this window. When in the “Simulation History” mode, the scenarios from all previous sections as well as the options chosen and their results are displayed in the window. A scroll bar is available on the right side of this window to review previous scenarios and/or options and results.

Once you have read the scenario for each section and determined which option(s) are appropriate for selection, you can simply click the box to the left of the option to “choose” it. There are guidelines above and below each response. The upper and lower guideline must be visible on screen for a response to be selected. Immediately, the option selected and the results for that option appear in the right-hand Simulation History Window. After you select or “choose” an option, you cannot reconsider and “unselect” it, since the information from that option has been revealed.

In sections where you are instructed to “SELECT AS MANY as you consider indicated,” you should select all of the options believed appropriate at the time and then click the “Go To Next Section” button at the bottom left of the screen to continue to the next section. A dialog box will appear requesting that you confirm your wish to continue to the next section and warning that returning to this section to make additional choices will not be possible.

By selecting “Yes,” the software automatically takes you to the next section of the simulation.

In sections where you are instructed to “CHOOSE ONLY ONE unless directed to make another selection,” you should carefully review each option and then choose the one best option. A dialog box will then appear to present the results for the choice or request that you select another response in the section.

A “Help Screen” will be accessible to you throughout the simulation examination to explain how to navigate through the examination.

THE DAY OF YOUR EXAMINATION

Your examination will be given by computer at an AMP Assessment Center. You do not need any computer experience or typing skills to take your examination. On the day of your examination appointment, report to the Assessment Center no later than your scheduled testing time. Look for signs indicating AMP Assessment Center Check-in. IF YOU ARRIVE MORE THAN 15 MINUTES AFTER THE SCHEDULED TESTING TIME, YOU WILL NOT BE ADMITTED.
Identification

To gain admission to the assessment center, you must present two forms of identification. The primary form must be government issued, current and include your name, signature and photograph. No form of temporary identification will be accepted. You will also be required to sign a roster for verification of identity.

- If your name on your registration is different than it appears on your identification, you must bring proof of your name change (e.g., marriage license, divorce decree or court order).

During your examination process, you will be required to provide biometric verification of your identity. Biometric identification may include photography, fingerprint scan, or other. Your examination session is also subject to video surveillance. If you do not agree to these conditions, you will not be able to test and will be excused from the Assessment Center. Your examination fee will NOT be refunded.

YOU MUST HAVE PROPER IDENTIFICATION TO BEGIN THE EXAMINATION. Failure to provide appropriate identification at the time of the examination is considered a missed appointment. There will be no refund of your examination fee.

FOLLOWING THE EXAMINATION

How Passing Scores Are Determined

- **Multiple-Choice Examination**
  The minimum score required to pass the multiple-choice portions is determined by using a process known as the Angoff method, in which subject-matter experts estimate the difficulty of each item on the examination for the “minimally competent practitioner” (MCP). These judgments are averaged to determine the minimum passing score, which represents the amount of knowledge an MCP would likely demonstrate on the examination.

- **Simulation Examination**
  The passing score for the simulation examination is determined using a method similar to that described for multiple-choice portions. Each section in a simulation was evaluated by content experts when the problem was developed. A minimum passing level (MPL) was established for the section using the scoring weights assigned to the options in that section and represents the level of performance expected of a “minimally competent practitioner.” The overall examination has an Information Gathering (IG) MPL and a Decision Making (DM) MPL, which represent the sums of the MPLs of all IG and DM sections on the examination.
The overall IG MPL is the sum of the MPL for all IG sections on the examination, and the overall DM MPL is the sum of the MPL for all DM sections on the examination. The sum of your scores on all IG sections is reported as your IG total raw score, and the sum of your scores on all DM sections is reported as your DM total raw score. Your total raw scores are converted to scaled scores, and you must meet or exceed scaled scores of 75 for both IG and DM to pass this examination.

The passing score for the state multiple-choice portion of the examination is a scaled score of 75.

Licensing Procedures for Passing Candidates

Brokers
The passing score report from AMP has two parts: one is the notification of results; the other is the application for a license. You will also receive a fingerprint card.* The applicant must complete the application and return it along with the proper fees and completed fingerprint card to the Department of Licensing. The part of the score report retained is an interim license valid for a period of up to forty-five (45) days after the postmark date or date of hand delivery of the application and fees to the Department, unless grounds exist to take disciplinary action against the licensee.

Based upon responses to personal data questions an applicant may receive notification indicating a need for investigation. He/she is not eligible to begin work. Depending on the information submitted to the Department, the license may be denied.

You must also provide proof of graduation from high school or equivalent (General Education Development/college transcript).

*Fingerprint cards will be provided at the Assessment Center or can be provided by the Department. The fingerprint card must be taken to any entity approved by the Washington State Patrol and FBI that offers fingerprinting services. Each entity and law enforcement agency sets its own fee for taking fingerprints. Contact the Department at 360-664-6484 if you have questions regarding the fingerprint card requirement and process.

Managing Brokers
Applicants need to submit the application for licensure that will be included with the examination notice and appropriate fees to the Department of Licensing. Applicants who want to be licensed as a Designated Broker of a firm can obtain an application and instructions from the Department’s web site (www.dol.wa.gov/business/realestate) or by calling the Department at 360-664-6500.
Based upon responses to Personal Data Questions an applicant may receive notification indicating a need for investigation. Depending on the information submitted to the Department, the license may be denied.

• Inactive License — Broker or Managing Broker
 Individuals may apply for their Broker or Managing Broker license to be placed on inactive status if they do not wish to associate with a firm. While on inactive status, they shall not engage in any activity that requires a real estate license. They should complete the application for inactive licensure that will be included with the examination passing notice, with the exception of the Managing Broker signature, company name, and company address sections, and mail it along with the current Washington real estate Broker license (released by the current Managing Broker, if applying for an inactive Managing Broker license) and the correct license fee to the Department of Licensing.

If You Fail the Examination
 If you fail the examination, you will receive a diagnostic score report showing your score and reapplication instructions.

To reregister for the examination, visit www.goAMP.com or call AMP at 800-345-6559 (if payment is made by credit card) or submit a new completed registration form (if payment is made by personal check, cashier’s check or money order). If you pass one portion of the examination you will need to wait until the next day or later to be rescheduled for the failed portion. Candidates who pass only one portion must pass the other portion within six (6) months of passing the first portion. Failure to do so will result in having to take the entire examination again.

Duplicate Score Reports
 Requests for a duplicate score report must be made in writing within one (1) year of the examination date. Complete the request form enclosed in this booklet, include a check or money order for $25 per copy (made payable to AMP), and mail your request to AMP. Duplicate score reports will be processed and mailed within approximately five (5) business days following receipt of the request.
